

Mississippi Professional Growth System--Survey Data

The Mississippi Department of Education does not provide data to educator preparation programs (EPPs) within the State of Mississippi. As part of the approved Phase-In Plan for the University of Southern Mississippi, survey of P-12 partners who employ stakeholders was conducted to allow for evaluation of completers' teaching effectiveness. Survey respondent administrators supplied aggregated data utilizing the Professional Growth System completed by public school administrators.

Domain I: Lesson Planning

Standard 1. Lessons are aligned to standards and represent a coherent sequence of learning

Standard 2. Lessons have high levels of learning for all students

Domain II: Student Understanding

Standard 3. Assists students in taking responsibility for learning and monitors student learning

Standard 4. Provides multiple ways for student to make meaning of content

Domain III: Culture and Learning Environment

Standard 5. Manages a learning-focused classroom community

Standard 6. Manages classroom space, time, and resources (including technology when appropriate) effectively for student learning

Standard 7. Creates and maintains a classroom of respect for all students

Domain IV: Professional Responsibilities

Standard 8. Engages in professional learning

Standard 9. Establishes and maintains effective communication with families/guardians

Teacher performance levels are evaluated on a four-level rating scale:

Level 4- Teacher demonstrates advanced practices and students assume a large part of the responsibility for the success of a lesson and their own learning

Level 3 - Teacher demonstrates effective practices and assumes a large part of the responsibility for the success of a lesson and student learning

Level 2 - Teacher does not fully demonstrate effectiveness and requires clear, specific, and actionable feedback to improve his/her practice

Level 1- Teacher should receive immediate and comprehensive professional learning and supports designed to address identified areas of growth.
