Dana currently serves as Manager of Talent Management for L3Harris Technologies. L3Harris Technologies is the largest aerospace and defense merger to date. Soon after the merger, Dana assumed a new role as Manager of Talent Management for the largest of the company's operating segments, managing learning & development and performance management for more than 12,000 employees. In addition to his primary responsibilities, Dana also led an enterprise-level project team to design and deploy leadership development programs for the company's frontline leaders. Previously, Dana served over 22 years in the Marine Corps where he deployed to Afghanistan and other countries in support of Operation Iraqi Freedom.
