Malika is a Pennsylvania native who moved to Mississippi in 2016. She currently works at Jackson Preparatory School as the Director of College Counseling, helping young people and their families make their dreams come true. Her career has afforded her the opportunity to live and work in 8 different states (IL, CA, NJ, PA, MD, GA, AZ, MS) over the course of the last 27 years. She has continually done all that she could to learn and to be of service to her colleagues and others in her profession as she herself has grown in wisdom and experience in the field. Malika is proud Mom to DJ - a member of Jackson Prep's Class of 2023 - an avid crocheter, spelling bee fanatic, and Scrabble player. She is excited about the opportunity to further her education.
