Embedding Video In Canvas - Instructor

It is possible to embed videos into your Canvas Course. This tutorial will explain how to access the embed code for:

- <u>YouTube</u>
- Ted Talks
- <u>Prezi</u>
- <u>Vimeo</u>
- <u>The process to embed video into Canvas</u>

How to Find YouTube Embed Code

To copy the **Embed Code** from your **YouTube** account:

Navigate to your uploaded video's page.

- Click Share
- Click Embed
- Highlight and Copy the Embed code.

Search and find the **TED** video you would like to share in your Canvas course.

Under the video you'll find 5 circular buttons.

Click the button with </>> symbol.

After you click the **</>** button, a new window will open.

- Select the size player you would like to use. Keep in mind too large of a player may cut part of the video.
- Highlight and copy the code in the box under Copy & paste and copy this code

Copy & paste thi	s code into your web	site or blog.

How to find the Embed Code for Prezi

- Go to your Prezi library.
- Locate the Prezi you wish to share.
- Click the **Embed** button.
- Select "how" you want the video to play.
- Highlight and copy the embed code.
